

2009 Provo City General Plan Neighborhoods Map

The purpose of organizing the City into Neighborhoods is to help identify and solve local problems and needs and do any other thing to accomplish the goals of the Neighborhood Program as determined by the Municipal Council. The intent of the Neighborhood Program is to provide each Neighborhood with a direct line of communication between the Neighborhood Chair and the Municipal Council. The Neighborhood Chair shall communicate to Neighborhood residents information on current City issues by holding local meetings and/or passing out flyers. The Neighborhood Chair shall gather information on neighborhood needs, desires, and problems and shall provide such information to the Municipal Council. Neighborhood Chairs shall also assist in the implementation and operation of neighborhood-related City programs in their Neighborhoods.
