

**PROVO CITY CLASSIFICATION SPECIFICATION**

<b>Title:</b> Senior Firefighter / Paramedic	<b>Job Code:</b> 4406
<b>Date:</b> November 16, 2016	<b>EEO Code:</b> PS
<b>FLSA Designation:</b> Non-Exempt	<b>Civil Service Status:</b> Covered (Classified)

**DEFINITION:** This is a senior public safety position with responsibility for firefighting, emergency response, rescue work, and providing pre-hospital medical care as a licensed Paramedic.

**CLASSIFICATION STANDARDS:** Positions allocated to this class are responsible to a Fire Captain or a designated supervisor and perform all work under his/her direction. The work of this class is distinguished by the application of advanced firefighting and paramedic skills and by increased leadership responsibilities.

**ESSENTIAL DUTIES:** Fight fires by placing, connecting, and advancing hoses; operate pumps, nozzles, ladders, hydrants, extinguishers, generators, and other specialized firefighting equipment and apparatus; search for and rescue victims from burning buildings, vehicles, or other structures and locations; ventilate structures at fire scene; enter structures in a cautious and safe manner; participate in post-emergency salvage operations and cleanup; operate department vehicles as primary or relief operator; perform all duties as an individual and as part of a team; function as training resource for less-experienced firefighters.

Assess and determine emergency medical treatment needed; establish communication with emergency room physician; render advanced medical aid including trauma care, endotracheal intubation, pericardiocentesis, emergency childbirth, cannulation, intracardiac injectors application, cardiac life support, surgical techniques, extensive drug therapy, and other treatments as instructed by a physician; monitor and interpret EKG recordings, cardiac defibrillators and patient status and reaction; provide paramedic level medical treatment to a diverse patient group including children, adults, the elderly, and individuals with physical or mental impairments; transport, lift, or otherwise move patients in accordance with established protocols; remove or extricate personnel and patients from various situations using tools and accepted rescue techniques; respond to hazardous materials incidents.

Participate in various drills and training sessions; assist in pre-fire planning and development of property maps and sketches; assist in cleaning and maintaining vehicles and equipment; inspect vehicles and equipment to ensure they are in working order at all times; perform station and grounds maintenance work; perform physical training; perform routine clerical and record keeping duties, including writing reports; may conduct station tours and/or assist with public education and outreach efforts; perform other related work or serve on specialized team as required.

**MINIMUM REQUIREMENTS:** Equivalent to a high school diploma; and five years of experience as a licensed paramedic. Incumbent must be a citizen of the United States of America.

License/Certification: Requires certification as a Paramedic (Utah State Bureau of EMS Standards); and a valid, lawful driver's license at time of appointment. Requires the following Utah Fire and Rescue Academy certifications at time of appointment: Firefighter I, Firefighter II, Fire Inspector I, Fire Instructor I, Fire Officer I, ADO-A, and ADO-P. *Note: Employees of this class must maintain required certifications to retain position.*

**SELECTION FACTORS:** *Knowledge of:* advanced firefighting and medical treatment techniques, procedures, and processes; basic building construction; related laws, codes, rules and regulations governing functions of the position; policies and procedures established for the work system; the operations, functions, and terminology common to the work; basic English composition, spelling, and grammar. *Skill in:* dealing with stressful situations firmly, tactfully, and with respect to individual rights; observing and remembering detail; preparing clear, concise, and informative reports; handling confidential and sensitive issues; working as a team including mentoring less-experienced firefighters. *Ability to:* communicate effectively both verbally and in writing; remain calm under duress; conduct oneself ethically and demonstrate high moral character; drive motor vehicles in a safe manner; recognize potential and actual dangers and determine proper course of action; perform work with speed and accuracy; exercise independent judgment; deal with the public in a pleasant, courteous, and calm manner in all circumstances; perform duties in a manner that demonstrates respect, integrity, courtesy, and kindness; demonstrate a high level of commitment to the principles of customer service; successfully complete the physician/advisor and paramedic/faculty interview; physically perform the job.

**TOOLS AND EQUIPMENT USED:** Portable gas and electrical power tools and equipment; pumps; all types and kinds of hand tools including extrication equipment, hydraulic lifting, cutting and spreading tools; all types and kinds of medical supplies and equipment including defibrillators, suction, backboards, intravenous therapy, stretchers, and so forth; fire apparatus and vehicles; specialized hazardous materials and equipment; computers and all standard office equipment; and other related items.

**PHYSICAL DEMANDS:** This work requires a high level of physical fitness, energy, stamina, mobility, balance, and eye-hand coordination including crawling, jumping, pulling, pushing, heavy lifting, running, and more. All these physical activities must be done in a safe and timely fashion. Dealing with physical and emotional stress is an integral part of the job. *Note: Employees of this class must successfully pass the Fire Department's physical fitness test.*

**ENVIRONMENTAL FACTORS:** This work is performed under emergency conditions and circumstances that are considered arduous and are usually dangerous and at times very hazardous or life-threatening. These include, but are not limited to: extreme heat conditions, extreme cold, wind, snow and ice, toxic chemicals, oxygen-deficient atmospheres, smoke, fire, explosive atmospheres and conditions, water, heights, confined spaces, and more. Most tasks are performed outdoors. *Note: Employees of this class are subject to on-call status. RESIDENCY: Employees of this class are subject to Provo City residency requirements and must reside within a 15-mile radius of their primary operations facility to affect a maximum 20-minute response time, unless otherwise approved by the department Chief.*
