**Council Action Required:** No

**Alternative Actions:**

1. **Approve** the requested Conditional Use Permit, *with conditions.* *Staff has provided recommended conditions of approval in the event that the Planning Commission approves the CUP; the applicant's agreement to these conditions does not, however, change Staff's recommendation for Denial of the CUP.* The Planning Commission should state new findings.

2. **Continue** to a future date to obtain additional information or to further consider information presented. *The next available meeting date is December 21, 2016, 5:00 P.M.*
OVERVIEW

The applicant, Seth Wright, is requesting a Conditional Use Permit for a reception center at 502 South 300 West. He currently runs a furniture machine shop and showroom at the same address. Mr. Wright started this business in July of 2016, around which time he made improvements to the façade and grounds of the building and property.

The applicant applied for this Conditional Use Permit in order to allow groups to rent his space for receptions and gatherings during non-business hours. The application for the conditional use permit was reviewed by staff and review comments stating changes required were sent to the applicant’s email on August 24th, 2016. As of the date of this report, those comments have not been addressed. Without complete and detailed plans for review, staff is recommending a continuation of the public hearing.

At the October 5th, 2016 Administrative Hearing, this item was continued so the applicant could determine his best path forward after some discussion of what is needed with staff. Since that time, staff has not received anything new from the applicant, but there have been continued events held without an approved conditional use permit. Staff emailed the applicant in November to remind him that events are not allowed without a permit and that his application is still on hold. Applicant stated he will get in revised plans and asked to be put on the next Administrative Hearing agenda. Staff has still not received any new, revised plans at the time of this report.

PLANNING REVIEW

Planning staff has requested more detailed parking and landscape plans in order to analyze the proposed use for any concerns (detailed in attachment #1).

BUILDING INSPECTION REVIEW

Building inspection staff has requested changes to show accessible parking spaces and entrances.

OTHER CITY DEPARTMENTS

Other concerns include fire safety and on-street parking.

CONCLUSIONS

At this time, staff does not have enough information to evaluate this land use for health, safety, and welfare concerns. Due to the fact that this application has gone on for nearly four months without any progress made, staff is recommending denial.
RECOMMENDATION

Staff recommends that this item be denied due to inaction of the applicant and no new progress being made.

Preliminary Approval:
8/17/2016 - Skip Tandy:
> I look forward to reviewing plans for this project. Please be aware that if the remodeling area is 3,000 square feet or greater the plans must be drawn by a Utah Licensed Architect as per Utah State Law. The parking plan did not depict any "Accessible Parking Spaces" nor is any "Accessible Entrance" shown and these are minimum requirements per the 2015 IBC. Please provide these changes in future drawings.
