STAFF PRESENTATION
The Staff Report to the Planning Commission provides details of the facts of the case and the Staff's analysis, conclusions, and recommendations. Key points addressed in the Staff's presentation to the Planning Commission included the following:

Community Development has identified deficiencies in the Campus Mixed Use Zone pertaining to design regulation. The zone currently only requires one door on each street frontage, has no habitable first floor requirement or any regulation of windows and visual permeability at the first floor. Staff is studying amendments to the zone to provide sufficient regulation of these design elements. The amendments under consideration include the following.

- A minimum habitable first floor depth as measured from the street facing façade.
- A minimum number of pedestrian building entrances.
- A minimum requirement for first floor windows and openings.
- Any commercial included in the site, whether required or voluntary, to be sited along a street frontage.
- Site design regulations to ensure parking is located interior to a building or site and that vehicle access is consolidated.
**NEIGHBORHOOD AND PUBLIC COMMENT**

- This item was City-wide or affected multiple neighborhoods.
- No Neighborhood Chair(s) were present or addressed the Planning Commission.
- No neighbors or other interested parties were present or addressed the Planning Commission.

**PLANNING COMMISSION DISCUSSION**

Key points discussed by the Planning Commission included the following:

Commission members expressed that the amendments as presented appear to meet the draft intent statements presented previously.
