**OFFICIAL BALLOT PROPOSITION FOR THE  
PROVO CITY SCHOOL DISTRICT, UTAH  
SPECIAL BOND ELECTION  
NOVEMBER 5, 2019**

  
Business Administrator

**Provo City School District Special Bond Election**

PROPOSITION

Shall the Board of Education (the "Board") of Provo City School District, Utah (the "District"), be authorized to issue General Obligation Bonds in an amount not to exceed Two Hundred Forty-Five Million Dollars (\$245,000,000) (the "Bonds") for the purpose of paying all or a portion of the costs to acquire, construct, equip and furnish school facilities (including rebuilding and renovating Timpview High School and Wasatch Elementary, adding a new wing to Westridge elementary, rebuilding Dixon middle school, as well as secured entrances and security upgrades to the following schools: Amelia Earhart, Canyon Crest, Centennial, Independence, Franklin, Lakeview, Provo Peaks, Spring Creek, Timpanogos and Westridge); said Bonds to be due and payable in not to exceed twenty-one (21) years from the date of issuance of the Bonds?

Property Tax Cost of Bonds: If the Bonds are issued as planned (and without regard to the existing taxes currently paid for existing bonds that will reduce over time), a property tax sufficient to pay debt service on the Bonds will be required over a period of twenty-one (21) years in the estimated average amount of \$317.13 per year on a \$270,000 primary residence and in the estimated amount of \$576.60 per year on a business property having the same value.

The District has other outstanding bonds for which a tax decrease would occur upon the retirement of such outstanding bonds, which may not occur if the proposed Bonds are issued. However, the combination of the retirement of the outstanding bonds and the issuance of the proposed Bonds, as planned, is expected to result in a property tax rate increase in the estimated average amount of \$264.76 per year on a \$270,000 primary residence and in the estimated amount of \$481.39 per year on a business property having the same value within the District from current levels.

The foregoing information is only an estimate and is not a limit on the amount of taxes that the Board may be required to levy in order to pay debt service on the Bonds. The Board is obligated to levy taxes to the extent provided by law in order to pay the Bonds. The amounts are based on various assumptions and estimates, including estimated debt service on the Bonds and taxable values of property in the District.

FOR THE ISSUANCE OF BONDS (YES)

AGAINST THE ISSUANCE OF BONDS (NO)
